## BAND MAN GOES DOWN IN POND

A. F. Blake, Member of Kilties Playing at Milroy Chautauqua, Loses Life While Swimming.

### BODY RECOVERED IN 2 HOURS

Cramps or Heart Failure Believed to Have Caused Death Because he Was Good Swimmer.

With one of their comrades a corpse, having drowned Sunday morning near Milroy, Kilties Scottish band appeared twice at the Milroy chautauqua, Sunday afternoon and night, apparently unaffected by the tragedy, but in reality each man was deeply grieved by the sudden and unexpected death of one of their comrades.

A. F. Blake, age twenty-two years, a trap drummer, was either afflicted with cramps or heart failure while swimming in Barton's pond one-half mile northwest of Milroy and suddenly went down. That was the last seen of him alive, his head never reappearing above water after he first sunk.

Blake's body was recovered one hour and forty minutes after he was drowned. He went down at eleven o'clock Sunday morning and his corpse was located on the bottom of the pond at 12:40 o'clock. The pond is small, having been created by digging out stone, but the searchers were not rewarded until after they had built a raft and procured a ladder with a big hook on the end.

Some Milroy boys and several members of the Kilties band went with Blake to the pond for a swim. They had been in the water for a time and Virgil Wiley, age fifteen years, of Milroy, and Blake were playing with a board when Blake suddenly fell off the board and went down. He uttered some word that no one understood.

The fact that he never came up causes the belief that he did not drown, as that is commonly conceived, but that he died from cramps or heart failure, which caused him to fall off the board. The pond is fed by springs and the water is almost ice cold. This may have caused cramps. Alfred Dunn, director of the band, said that Blake was a good swimmer.

The other swimmers dove for his body without results. Then a small raft was constructed and A. C. Ross, Logan Parson, Frank Riddle and Dr. Hoagland boarded it and began a search for the body. They finally procured a ladder with a large hook on the end and started a systematic search over the small pond. Once they thought they had the body located, but divers found out differently.

Blake had been with the band since June 15 of this year. He came to the Kilties from the Regal Automobile company's band at Lansing, Michigan. He was not married.

The coroner arrived in Milroy late yesterday afternoon. He said that his verdict would be accidental drowning.

Blake is survived by his mother and father and six brothers and sisters. Word had been received that some of Blake's relatives would be in Milroy today to take the body to Chicago.

John Parker, living near Milroy, has threshed 725 bushels of barley from seventeen acres on his farm, which is an exceptional yield for barley. The average was forty-three and eleven-seventeenth bushels per acre.

## CATCH 31-POUND CAT FISH

Rushville Nimrods in Camp on Flatrock Make Big Haul

A cat-fish weighing thirty-one pounds was caught this morning at the Col. E. H. Wolfe camp, near Flatrock, Ind., Ed Pitman vouches for the truth of the catch as he was there over Sunday and returned home this morning. Lines were set last evening and this morning on one line was the large cat fish. By actual weight it weighed thirty-one pounds. One was caught Saturday that weighed nineteen pounds. Col. Wolfe, Lee Pyle, Harry Beale and James Brooks are at the camp. The fish was 38 inches long and measured 23 inches around.

## FIXED TO SELL WHISKEY BY DRINK

Charles Sweet Arrested by Chief of Police Rosencrance, Charged With "Bootlegging"

### HAD MEASURING GLASS ON HIM

Charles Sweet, of Water street, was arrested Saturday night, charged with "bootlegging" and was arraigned Monday afternoon, entering a plea of not guilty. He asked for a jury trial and the case will be heard Wednesday morning at ten o'clock.

The police are said to have "the goods" on Sweet. He was arrested in a shed back of Cummins' barber shop in Second street two doors east of the Windsor hotel. It is reported that Chief of Police Rosencrance, who made the arrest, saw the transactions wherein Sweet made whiskey sales. It is also stated that the police found whiskey on Sweet, as well as a measuring glass so that he could sell "booze" by the drink. Rosencrance found some empty whiskey bottles at Cummins' barber shop this morning.

## CARNIVAL OPENS TUESDAY NIGHT

Catholic Mid-Summer Festival Will Continue Until Saturday Night in St. Mary's Park.

### FIRST SHOW BY CHILDREN

The annual midsummer carnival given by the men of the Catholic church will begin Tuesday evening in St. Mary's park and continue until Saturday evening. The many booths, beautifully decorated, and the hundreds of electric lights which have been installed, will make the grounds a dazzling spectacle.

The usual attractions will be found at the festival this year. There will be the country store, which offers all sorts of bargains for ten cents; a fancy booth which will be the main attraction for the women visitors at the park; an exchange which will be held every night beginning Wednesday; a Japanese bowling alley and vaudeville show being arranged by home talent. The show Tuesday night will be given by the children.

The carnival management invites the public to attend the festival. The Odd Fellows band will play on the grounds each night.

## STORM SEVERE; LITTLE DAMAGE

Two Barns in County and one House Here in Rushville Hit by Lightning Sunday Evening.

### BIG ELECTRICAL DISPLAY

Rosaline, Little Daughter of Mr. and Mrs. Ed Moore, Slightly Stunned But Soon Recovers.

The worst storm of the summer hit Rush county Sunday evening, but did surprisingly little damage for the electrical display. One house here in Rushville was hit and some shingles torn off the two barns in different parts of the county were struck by lightning.

Many individual telephones were put out of commission by the lightning and the Arlington exchange was short-circuited so that the patrons of the exchange were cut off from communication with Rushville.

Lightning hit a large barn on Dave Wolverton's farm two miles north of Raleigh during the storm and killed a horse which was standing in the stable. The barn was not so badly damaged by the bolt and did not ignite.

Lightning also hit a barn on the Goddard farm near Homer. The report reaching here was that the barn burned down, but there was no confirmation of it because telephone communication with anyone in Walker township was cut off because of the trouble in the Arlington exchange.

Later this afternoon the story was confirmed that a barn had burned down on the Hilligoss farm where William Goddard is the tenant. Two horses were killed and a large quantity of hay was burned. Most of his farming implements were saved. There was some insurance on the barn and contents, but the loss was heavy.

Lightning struck the home of Ed Moore, corner of Willow and Seventh streets. It tore some shingles off the roof, but did not start a fire. The members of the Moore family were sitting on the front porch and were dazzled by the electrical flash. Rosaline, little daughter of Mr. and Mrs. Moore, was slightly shocked by the lightning, but soon recovered.

Reports from many parts of the county reveal that the storm was general. There was very little wind and the rain did not last long, although it was a downpour while it did fall.

The rain only served to delay farmers' work more than ever. There is much wheat in the shock and hay on the ground which is being damaged by the continued hot weather. Treshing is being held up generally.

Reports from Milroy today were that the storm did not interfere much with the chautauqua there. It did not keep many people away, it is said, because most of the patrons came for the afternoon program and remained in Milroy for the band concert in the evening.

### EVACUATION REPORTED.

(By United Press.) El Paso, July 19.—A report that could not be confirmed from any other source was circulated today by local Villista officials to the effect that General Gonzales, Carranza leader, had evacuated Mexico City on the approach of an expeditionary column.

### BULLETIN.

(By United Press.)

Washington, July 19.—Secretary of State Lansing admitted this afternoon that the Carranza forces had evacuated Mexico City, apparently to fight the Villa forces outside.

## MERIT SYSTEM IS BEING INJURED

Some Examples Are Cited in South America Where Commercial Interests Are Sacrificed

### TO PAY POLITICAL DEBT

Dr. Charles W. Elliott is Quoted in Address as Proof of Reduction in Efficiency

Washington, July 19.—The holding of a Pan American conference in this city a short time ago, was a magnificent effort on the part of the American Republics to get together for the promotion of their common commercial interests. The subsequent appointment of a committee by the Secretary of the Treasury for continuation of work along the same lines, was also a move in the right direction.

But all these efforts, so far as the United States is concerned, cannot repair the injury done to the United States in Central and South America by this administration in discharging competent experienced diplomatic representatives and filling their places with men with neither experience nor other special qualification. The administration not only sacrificed the commercial interests of the United States but forfeited a large measure of respect this country earned by many years of effort to build up a high standard of diplomatic efficiency.

Immediately after securing the power, the administration began tearing down the merit system which had been built up by promotions based on efficiency. So sudden and relentless was the onslaught made, for it was but a few months previous that President Wilson had declared:

"My warm advocacy and support both of the principle and of the bona fide practice of civil service reform is known to the whole country, and there is no danger that the spoils system will creep in with my approval or connivance."

But repeated instances of good men cast out to make places for political henchmen, soon convinced the real friends of good government that there was to be no regard whatever for the principle of civil service reform. Dr. Charles W. Elliott, President of the National Civil Service Reform League, outlined the situation at the annual meeting of the League in December after the new administration had had nine months of opportunity to make changes. He was quoted as saying:

"Of the 22 ministers displaced, 13 had had several years' experience in Diplomatic Service, while none of the new appointees had had any experience. Several of the appointments of obscure men to diplomatic posts have seemed to the public to be made in payment of political debts."

The minister to Columbia, who was a graduate of both Cornell University and Columbia Law School and had been in the Government's foreign service 37 years, working up by demonstrated efficiency, was displaced to make room for a Texas farmer.

The man who secured two degrees from Columbia, and served 10 years in the diplomatic service in France, England, Turkey and China was displaced from his position as Minister to Costa Rica at the age of 36 to make room for a North Carolina editor who was born in that state 74 years earlier and had lived there all his life.

The minister to Guatemala was a graduate of Yale and of Harvard

## TWENTY MACHINES TO GO

Delegation Expected to Make Trip to Milroy Tonight.

Twenty machines loaded with Rushville people will likely go to Milroy tonight for closing session of the chautauqua. The machines will assemble at the corner of Main and Second streets and the trip to Milroy will start at 6:30 o'clock.

The closing program of the chautauqua is said to be a good one. The prelude will be given by the Stratford Opera company, a company of four experienced opera singers. The address of the evening will be given by Fred Eastman, who is an authority on community life. His subject tonight will be "Waking up the Villages."

## WILL INTEREST POULTRY SHIPPERS

Special Car Operated by U. S. Department of Agriculture Will be Here August 17.

### ON THE PENNSYLVANIA LINES

A special car operated by the United States Department of Agriculture will be in Rushville on August 17 for the entire day. The car will be of especial interest to shippers of poultry and eggs. The car is being run over the Pennsylvania lines and will come here from Manilla.

The car is in charge of Dr. M. E. Pennington, chief of the food department of the chemistry bureau and the exhibit will deal with the shipping of eggs, butter and poultry. It is stated that the things to be explained at the car will be of interest to the farmers as well as the dealers in poultry. The car will be placed on the sidewalk near the Pennsylvania station here at 9:30 o'clock in the morning and will remain there until 4:30 o'clock in the afternoon.

## RECOVERING FROM MERCURY POISON

William Ray of Milroy and Doyle Emsweller of Near New Salem Take Tablets by Mistake.

### TAKEN TO EMSWELLER HOME

William Ray, 28 years old, of Milroy, and Doyle Emsweller, 18, son of Mr. and Mrs. William Emsweller, of near New Salem, who took bichloride of mercury tablets, by accident last Friday in Indianapolis, were taken to the home of Emsweller Sunday. Both are not yet out of danger.

According to their story, they went into a drug store to purchase some headache tablets and the clerk gave them the mercury tablets. William Ray is the son of Mrs. Lou Ray of Milroy and both were in Indianapolis to purchase some supplies for the Emsweller stone crusher. They were stopping at the Plaza hotel and when they became ill were taken to the city hospital. While it is believed both will recover, they are not yet out of danger.

Mrs. O. P. Wamsley is ill at the Seanlan House suffering from appendicitis.

## PRESIDENT GETS BACK ON THE JOB

Wilson Returns to Washington And Will Take up German-American Situation at Once

### ORDUNA CASE TO DELAY NOTE

Officials Are Completely Upset in Their Calculations by The New Developments

(By United Press.) Washington, July 19.—President Wilson arrived in Washington at 9:55 a.m. today and went at once to the white house. Secretary Houston arrived with the president.

The German note almost certainly will be laid before the cabinet Tuesday.

President Wilson and Secretary Lansing were understood to have made quick work of it today. They were in conference at the white house about an hour. After the talk was over an atmosphere of finality prevailed which left little doubt but that the proposition has been whipped into shape.

Both are known to have their ideas very well formulated before they met. Evidently there was no material difference between them.

Submission of the matter to the cabinet, it was thought would be more or less perfunctory. The members, it was stated, were all unqualified behind the president.

"Will and Orduna case figure in the note and if so to what extent?" was a frequently asked question.

The Orduna matter, said Secretary Lansing, is not officially before the government at all. From this statement it was thought the case might be ignored.

There seemed to be no question but that the note would be a reiteration of the last one. It was not believed it would be stiffer in tone or that it would contain anything in the nature of an ultimatum.

It was believed, however, that there would be a paragraph stating that previous answers had avoided the main issue and that the United States would like a direct answer.

The night on the train was hot and the executive who lost considerable sleep did not rise until late. Secretary Lansing called at the white house at 11 a.m. to confer with the president on the German-American situation. He carried a valise in which were the papers relating to the matter.

The Orduna case, said the secretary, might delay the note a little, but not for long. A report by Germany on the Orduna incident will be asked by the United States government, it was predicted here today.

Officials were completely upset in their calculations on the next note by the latest development. The chances, were they said, that President Wilson and Secretary Lansing themselves did not yet know just how they would meet the new situation.

The upshot, they predicted, would be a hastening of the German notes dispatched. They did not think it so certain, however, that a draft would be made before the cabinet Tuesday because of the new developments.

(By United Press.) Washington, July 19.—State department dispatches today told of an increasing anti-Carranza activity northeast of Mexico City. It was reported without confirmation that Pachua was occupied by Villistas.

### ONE WEAK SPOT

Many Rushville People Have a Weak Part and Too Often It's the Back.

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist.

Dull aching keeps up, day and night.

Backache is often from weak kidneys.

In such cases a kidney medicine is needed.

Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills.

Good proof of merit in the following statement.

Hiram Whalen, R. R. No. 1, Circleville, Rushville township, says "Doan's Kidney Pills are a fine remedy and we always keep them in the house. I had pains in my back, that made it hard for me to straighten after stooping and my kidneys caused me a great deal of trouble. Doan's Kidney Pills stopped the pains and aches and regulated the kidney action."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whalen had. Foster-Milburn Co., Props., Buffalo, N. Y.

### WORK MUST BE SYSTEMATIC

Haphazard Efforts at Road Maintenance Are Very Expensive as Well as Unsatisfactory.

### CHIEF AIM OF THE UPKEEP

Traffic on Earth and Gravel Tends to Develop Ruts and Chuck Holes Constantly

The traffic on earth and gravel roads has a constant tendency to develop ruts, chuck holes and depressions. The chief aim and purpose of road maintenance is to prevent and remedy this destructive action. To maintain must be systematic and continuous. Haphazard work is expensive and unsatisfactory.

If the road is very rough and uneven or the crown very low the road machine or grader is very efficient for placing it in shape. One must guard, however, against the all too common practice of scraping the sod and other vegetable matter and refuse from the sides and ditches on to the road. In general, on the clay and heavy soil roads all vegetable or spongy material should be carefully excluded. Such materials absorb moisture readily and furnish but little resistance against wear. The road surface should be built up with the best material possible—material which will pack and consolidate under traffic and which will be as nearly water-proof as possible and will wear uniformly.

When the road has been placed in good condition as to crown and smoothness the road drag is the best tool for maintaining it in that condition. Drag the road after each rain while the surface is still moist, but not sticky. Use a light drag and move only a very little earth—just sufficient to fill the ruts and depressions and leave a slight surplus if the crown is low. Ride on the drag and shift your position according to the amount of earth necessary to be moved. If the rain has been of long duration it may be advisable to drag the road twice; first very soon after the rain, and again when the clay is drying out or beginning to set.

Do not drag a dry road. Successful dragging is dependent on a certain amount of water or moisture in the road surface. Practically all

## Some Contradictions

Democratic leaders declared last winter that industrial depression was due to the war and not to the tariff, but within a few weeks found unquestionably that industrial activity was restored by the war. This is but an instance of how administration politicians find their own arguments refuted by their own subsequent declarations. They must realize that their records show their economic policies to be entirely wrong.

Lately they have been attempting to take credit for the revival of business and ignored the fact of the European conflict upon the increased market for American goods; but they are confronted by the plain words of President Wilson, in his message to Congress last December when he urged the passage of the ship purchase bill for the express and only purpose of providing a means by which the products of American fields, mines and factories could be transported to the large and anxious markets of the warring nations of Europe.

The President said that those nations "eagerly look to us to supply their all but empty markets," and "here are markets which we must supply and we must find a means of

action." The President explained at length that the European war which closed the factories and absorbed the resources of European nations not only provided a market for us there, but also provided a market in South American countries which have heretofore made their purchases across the Atlantic. The whole argument upon which the ship purchase bill was based was the absolute necessity of providing means of meeting the demand for our goods created by the war in Europe.

Thus the President himself vouches for the good effect of the European war upon American trade. Fulfillment of his prediction in this respect, however, confounded him by proving that he was absolutely wrong in his argument in favor of the ship purchase bill; for his secretary of commerce is out with statistics to show that at the end of the present year the balance of trade in favor of the United States is a billion dollars and that America is the leading financial nation of the world; and this accomplished without the passage of the ship purchase bill which the Democratic administration urged with all its power as an absolute necessity in order that the United States might come into its own.

The Democratic record of inconsistency is a marvel. First, the European war had brought hard times by cutting off our trade. Second, the war had provided us a market and made government purchase of ships absolutely necessary. Third, industrial activity has been partially restored and enormous exports (without government-owned ships) have turned the balance of trade in our favor. Fourth, the Democratic party and not the European war is entitled to credit for partial revival of industrial enterprise.

GREAT ELECTRICAL  
EXHIBITION OPENS

Series of Eleven Conventions in  
Which All Branches of Work  
Will be Represented Begins

WILL CONTINUE UNTIL OCT. 23

(By United Press.)

San Francisco, July 19.—A series of eleven conventions in which almost every branch of electrical work in the world will be represented opened here today in connection with the Panama Exposition. The conventions continue until Oct. 23.

San Francisco was chosen as the convention city by the various organizations because of the great opportunity afforded by the Exposition for the study of electrical problems. Chicago lighted her exposition with little incandescent lights, which at the time were regarded as wonderful. The St. Louis Fair was an improvement electrically over Chicago, but the Panama Pacific Exposition has surpassed all electrical endeavors of the past. The wonderful indirect lighting system used here has brought forth the highest praise from experts throughout the country.

WHITE SLAVERY  
IS DISCUSSED

World's Purity Federation Convention Gets Under Way at San Francisco Monday

## IT WILL CONTINUE ALL WEEK

Delegates From All Parts of America as Well as South America And Orient Will Attend

(By United Press.)

San Francisco, July 19.—The white slave traffic, the red light districts and their allied evils, social hygiene and public vice were warmly discussed by delegates to the Ninth International Purity Congress at today's session, the first business day of the convention.

Yesterday marked the formal opening of the Purity Congress, and the day was observed all over the country by special services in churches, with appropriate sermons. In this city a great mass meeting was held at which Gov. Hiram Johnson, Mayor James Rolph, Jr., of San Francisco, and the President of the Exposition, C. C. Moore delivered addresses of welcome. Sessions will be held daily all through the week, the forenoon meeting of the Congress being July 24.

Thousands of delegates from South America and the Orient as well as from Europe will attend the sessions. Clergymen and social workers from all parts of the United States will take part in the elaborate program which has been completed.

The World's Purity Federation is constantly at work promoting safe and sane instruction in social hygiene and advocates a single standard of morals. The work of the organization is recognized as having been a most potent factor in bringing about the present worldwide agitation against the social evil. Its object, in brief, is to labor for the suppression of vice, the enforcement of law, a more thorough rescue and reform work, the better protection and rearing of the young and to improve the general social health of the community.

On Saturday, July 24, the Purity Congress will hold joint sessions with the International Congress on Marriage and Divorce.

Anthony Comstock, secretary of the New York Society for the Suppression of Vice, is one of the speakers. His topic is "Children of Our Nation, and the Foes to Moral Purity." William Sulzer, former governor of New York, will talk on "Purity in Government." Mrs. Kate Waller Barrett, president of the National Council of Women, will speak on the topic "The United States Government and the White Slave Traffic." A. Bruce Bielaski will represent the Department of Justice and will make an address.

Gasoline Dealers Placing Tanks Under  
ground in Compliance With  
Fire Marshal's Demands.

## TO REDUCE THE FIRE HAZARD

Tanks Outside Fire Limits Contain-  
ing More Than 10 Gallons May  
be Above Ground.

The offices of the State Fire Marshal are being flooded with inquiries from over the state as a result of recent wholesale orders to retail dealers that gasoline storage tanks, containing more than ten gallons, must be placed under ground. Forty days notice has been given in a large number of cases and prosecutions are to be pressed if the order is not obeyed.

A large number of communications have been received from private owners of gasoline—many being out-of-town owners or automobile who buy gasoline in large quantities and store it in light metal tanks or ordinary oil barrels. John W. Minor, Jr., Deputy State Fire Marshal, states that thus far the efforts of the Department have been confined to seeing that the gasoline handled by retailers is safeguarded. The law is being enforced in this regard as it has been shown to be by far the major risk or fire hazard. The law applies in all cases, however, where gasoline in excess of ten gallons is stored within fire limits.

Inquirers are being informed that outside the fire limits of cities and towns it is permissible to store gasoline above ground provided tanks are constructed of metal of a prescribed thickness and equipped with a proper pump for removing the gasoline. A pamphlet containing the Rules and Regulations compiled by the Department for the safe handling and storage of gasoline is furnished free on request by the State Fire Marshal.

### RAGGED GAME WON BY RUSHERS

Reiss Decidedly Wild Allowing Rushville to Take First Game of Series, 8 to 6.

#### BRILLIANT ONLY IN SPOTS

Catches by Cordes and Hellmund Feature of Contest—Hewitt Steady in Pinches.

Pitcher Jack Reiss, Connersville's star moundsman, was decidedly wild yesterday and thereby hangs the reason for Rushville's victory in the first game of the series. The score was 8 to 6 and outside of a few sensational catches by the outfield the game was very ragged.

Reiss was probably the real cause of the Rushville victory. He issued a total of nine bases on balls and then when his team mates faltered completely lost his head. Rushville won the game in the first inning and then tried to present it to Connersville in the second. Rushville counted four times in the first and Connersville came back in the second and took the lead by scoring five runs.

The game went along in this manner until the sixth when the Rushers again took advantage of Pitcher Reiss' wildness and scored four more runs. Reiss at the close of the sixth inning was so disgusted that he threw the ball over the grand stand. It was a baby act for a ball player supposed to be the pitcher he is, and the fans from that time on simply rode him all over the lot.

Hewitt pitched nice ball for Rushville. True he was hit rather freely but they were scattered except in the second inning. Best of all Hewitt was steady and at critical times his teammates played in sensational form. Cordes and Hellmund pulled down three of the most sensational catches ever seen at Edgewater park. In the third Cordes ran back on one from Kuhlman's bat that looked to be good for three bases. He managed to pull the ball down while running back at full speed. The two catches by Hellmund were made after exceedingly hard runs. Either of these two balls could have been gotten by the second baseman, but Hellmund took both of them.

Outside of the fact that it was Connersville whom Rushville beat the fans were given little real baseball. All kinds of baseball was displayed by the Connersville team when Reiss took his two balloon flights and the crowd had a lot of fun urging the Rushers on to victory. The Connersville team however in the face of the odds never gave up and was fighting just as hard in the ninth as in the first.

Connersville started out in the very first inning to get a lead. Heisman was walked, but was forced at second by Keifel and Keifel was caught at first in a fast double play. Bartley grounded to Hewitt. Ten men faced Reiss in the very first inning. Cordes was safe on Kuhlman's error. Reggy fouled out to Keifel. Rohe was given a base on balls. Cordes in the meantime had stolen second. Laacke was safe on Weikle's error and Cordes scored. Rohe going to third. Laacke stole second. Hellmund was walked, filling the bases. Then Reiss walked Brietenstien forcing in Rohe. With the bases still filled Brackman singled to right field and Laacke and Hellmund scored. Goodfellow was out Kuhlman to Weikle. Hewitt walked and Cordes, who faced the pitcher for the second time in the inning grounded to Weikle.

It looked as though the Rushers

had the game won right there but not to be outdone by Connersville, Rushville presented them with five runs. Maxwell singled. Kuhlman singled and Maxwell was held on third. Fisher struck out. Merkle was safe on Reggy's error and Maxwell scored. Weikle was safe on Laacke's error and Kuhlman scored. Reiss was given a base on balls and was forced at second by Reggy. Brackman attempted to catch Heisman at first. It was a close play and Umpire England called him safe. In the meantime three runs had counted, which would not had the runner been called out.

Things went along fine then until the sixth. Three bases on balls and three errors gave the Rushers four runs and the game.

umpiring. Connorsville naturally kicked some but his decisions on balls and strikes were almost perfect and the visitors had little kick coming.

Jack England did a nice job of

umpiring. Connorsville naturally kicked some but his decisions on balls and strikes were almost perfect and the visitors had little kick coming.

Brackman the new second baseman showed up well and his hitting should help the team. Reggy was off yesterday due largely to illness. Joe was sick all day and really should not have been in the game.

Bill Brietenstien is back and was in left field yesterday. Reiss was afraid of him as he was given three bases on balls.

The crowd was the largest of the season, showing that the fans will attend. Rushville hopes to take 200 people to Connorsville next Sunday for the second game of the series.

Remington will be out to win and one of the best games of the season is expected.

## AUTO CRASHES INTO BICYCLE

Fred Caldwell's Machine Hits Gus  
Dimatteo as he Turns at Cor-  
ner of Main and Second.

### NO BLAME FOR MOTORISTS

In an accident that was unavoidable Saturday night at the intersection of Main and Second streets, a bicycle ridden by Gus Dimatteo was smashed when run over by the automobile owned by Fred Caldwell. Mr. Caldwell was turning east in Second street off of Main and was making the long regulation turn. The boy on the wheel was coming behind the auto and did not believe the machine was going to turn and attempted to pass. When in the center of the street, Mr. Caldwell turned and the bicycle was struck. Dimatteo jumped as soon as he saw that a collision was unavoidable and escaped injury. The bicycle was almost demolished. Mr. Caldwell was not held responsible for the accident by the boy.

### TO MAKE PERSONAL APPEAL

Lloyd George Will Try to Stop  
Welsh Miners Strike.

(By United Press.)

London, July 19.—Ministers of munitions Lloyd George will leave Tuesday for Cardiff to make a personal appeal to the Welsh coal miners, his fellow countrymen, to return to work and prevent slackening in the production of war munitions.

This announcement was made this afternoon following a special session of the cabinet at which the most serious industrial crisis of the war was discussed. Lloyd George is popular with the workingmen.

### LEO M. FRANK IS WORSE

Wound Inflicted by Fellow Prisoner  
is Infected

(By United Press.)

Milledgeville, Ga., July 19.—Leo M. Frank was worse today. His temperature rose this afternoon from 99.5 to 102.4. The wound in his neck was swelling indicating infection. He was in great pain.

Physicians still held out hope, however, that he would recover from the attack of William Creen, a fellow convict.

Frank hovered between life and death today. During Sunday night he was but half conscious and raved fitfully of the attack made on him. Today, however, his head was clear. His wife was at his bedside. His temperature dropped to 101.2 this afternoon. The doctor's admitted that blood poisoning was what they feared.

### CONSUL ON HIS WAY HOME

Reported Trouble With Brazilian  
Representative in Mexico.

(By United Press.)

Washington, July 19.—Arnold Shanklin, American consul general in Mexico City, is on his way back to Washington. This was announced today by Secretary Lansing who did not assign a reason for the trip. It was reported Shanklin had had trouble with the Brazilian ministers, who has acted as American diplomatic representative in Mexico, over speed with which American business was transacted.

Law School. He spent twelve years in the diplomatic service, in subordinate positions at Berlin and Rome and was promoted successively as minister to Panama, Venezuela and Guatemala, from which latter place he was dismissed at the age of 37, in order that political reward might be given to a 63-year-old South Carolina preacher, who, when he was leaving for the Central American Republic, admitted that he had had no official training as a diplomat but said he "had been a minister 40 years."

These few instances, which might be multiplied not only in the diplomatic service but in the government service at home, illustrate the manner in which efficiency has been sacrificed making necessary a repetition of the years of constructive effort by Republican administrations in order to place the public service on the high plane it occupied to March 4, 1913.

### KINGSTON GETS OUT ON \$100 BOND

Man Robbed And Held in Jail 73  
Days in Evansville Released

Through Woman's Work

### DR. GRAHAM FURNISHES BOND

(By United Press.)  
Evansville, Ind., July 19.—George Kingston, who had served seventy-three days in jail here, held as a prosecuting witness, was released

today on a bond signed by Dr. Hannah M. Graham of Indianapolis, president of the Equal Suffrage association of Indiana.

Kingston was jailed when he complained that Harry Trainum had robbed him of \$300. Trainum was released on \$300 bond and disappeared. Kingston's bond was reduced to \$100 and he was held on the theory that Trainum might later appear to be prosecuted.

While Dr. Graham and others were worrying themselves about bond for Kingston there reposed in an old gun boot in Kentucky soil \$350 that Kingston had buried when he started to Evansville to appear against the man he said robbed him. Kingston told of the treasurer on being released today and said that having been robbed once in Evansville, he wouldn't take another chance.

### Notice of Final Settlement.

## BAND MAN GOES DOWN IN POND

SATCHEL 31-POUND CAT FISH  
Rushville Minnows in Camp on Flatrock Make Big Haul

A. F. Blake, Member of Kilties Playing at Milroy Chautauqua, Loses Life While Swimming.

BODY RECOVERED IN 2 HOURS

Cramps or Heart Failure Believed to Have Caused Death Because he Was Good Swimmer.

With one of their comrades a corpse, having drowned Sunday morning near Milroy, Kilties Scottish band appeared twice at the Milroy chautauqua, Sunday afternoon and night, apparently unaffected by the tragedy, but in reality each man was deeply grieved by the sudden and unexpected death of one of their comrades.

A. F. Blake, age twenty-two years, a trap drummer, was either afflicted with cramps or heart failure while swimming in Barton's pond one-half mile northwest of Milroy and suddenly went down. That was the last seen of him alive, his head never reappearing above water after he first sank.

Blake's body was recovered one hour and forty minutes after he was drowned. He went down at eleven o'clock Sunday morning and his corpse was located on the bottom of the pond at 12:40 o'clock. The pond is small, having been created by digging out stone, but the searchers were not rewarded until after they had built a raft and procured a ladder with a big hook on the end.

Some Milroy boys and several members of the Kilties band went with Blake to the pond for a swim. They had been in the water for a time and Virgil Wiley, age fifteen years, of Milroy, and Blake were playing with a board when Blake suddenly fell off the board and went down. He uttered some word that no one understood.

The fact that he never came up causes the belief that he did not drown, as that is commonly conceived, but that he died from cramps or heart failure, which caused him to fall off the board. The pond is fed by springs and the water is almost ice cold. This may have caused cramps. Alfred Dunn, director of the band, said that Blake was a good swimmer.

The other swimmers dove for his body without results. Then a small raft was constructed and A. C. Ross, Logan Parson, Frank Riddle and Dr. Hoagland boarded it and began a search for the body. They finally procured a ladder with a large hook on the end and started a systematic search over the small pond. Once they thought they had the body located, but divers found out differently.

Blake had been with the band since June 15 of this year. He came to the Kilties from the Regal Automobile company's band at Lansing, Michigan. He was not married.

The coroner arrived in Milroy late yesterday afternoon. He said that his verdict would be accidental drowning.

Blake is survived by his mother and father and six brothers and sisters. Word had been received that some of Blake's relatives would be in Milroy today to take the body to Chicago.

John Parker, living near Milroy, has threshed 725 bushels of barley from seventeen acres on his farm, which is an exceptional yield for barley. The average was forty-three and eleven-seventeenth bushels per acre.

## SATCHEL 31-POUND CAT FISH

Rushville Minnows in Camp on Flatrock Make Big Haul

A cat-fish weighing thirty-one pounds was caught this morning at the Col. E. H. Wolfe camp, near Flatrock, Ind., Ed Pitman vouches for the truth of the catch as he was there over Sunday and returned home this morning. Lines were set last evening and this morning on one line was the large cat fish. By actual weight it weighed thirty-one pounds. One was caught Saturday that weighed nineteen pounds. Col. Wolfe, Lee Pyle, Harry Beale and James Brooks are at the camp. The fish was 38 inches long and measured 23 inches around.

## FIXED TO SELL WHISKEY BY DRINK

Charles Sweet Arrested by Chief of Police Rosencrance, Charged With "Bootlegging"

HAD MEASURING GLASS ON HIM

Charles Sweet, of Water street, was arrested Saturday night, charged with "bootlegging" and was arraigned Monday afternoon, entering a plea of not guilty. He asked for a jury trial and the case will be heard Wednesday morning at ten o'clock.

The police are said to have "the goods" on Sweet. He was arrested in a shed back of Cummins' barber shop in Second street two doors east of the Windsor hotel. It is reported that Chief of Police Rosencrance, who made the arrest, saw the trans-actions wherein Sweet made whiskey sales. It is also stated that the police found whiskey on Sweet, as well as a measuring glass so that he could sell "booz" by the drink. Rosencrance found some empty whiskey bottles at Cummins' barber shop this morning.

## CARNIVAL OPENS TUESDAY NIGHT

Catholic Mid-Summer Festival Will Continue Until Saturday Night in St. Mary's Park.

FIRST SHOW BY CHILDREN

The annual midsummer carnival given by the men of the Catholic church will begin Tuesday evening in St. Mary's park and continue until Saturday evening. The many booths, beautifully decorated, and the hundreds of electric lights which have been installed, will make the grounds a dazzling spectacle.

The usual attractions will be found at the festival this year. There will be the country store, which offers all sorts of bargains for ten cents; a fair booth which will be the main attraction for the women visitors at the park; an exchange which will be held every night beginning Wednesday; a Japanese bowling alley and vaudeville show being arranged by home talent. The show Tuesday night will be given by the children.

The carnival management invites the public to attend the festival. The Odd Fellows band will play on the grounds each night.

Mrs. Daily Locke is seriously ill at her home West Tenth, suffering from blood poisoning.

## STORM SEVERE; MERIT SYSTEM IS BEING INJURED

Two Barns in County and one House Here in Rushville Hit by Lightning Sunday Evening.

## BIG ELECTRICAL DISPLAY

Rosaline, Little Daughter of Mr. and Mrs. Ed Moore, Slightly Stunned But Soon Recovers.

The worst storm of the summer hit Rush county Sunday evening, but did surprisingly little damage for the electrical display. One house here in Rushville was hit and some shingles torn off the two barns in different parts of the county were struck by lightning.

Many individual telephones were put out of commission by the lightning and the Arlington exchange was short-circuited so that the patrons of the exchange were cut off from communication with Rushville.

Lightning hit a large barn on Dave Wolverton's farm two miles north of Raleigh during the storm and killed a horse which was standing in the stable. The barn was not so badly damaged by the bolt and did not ignite.

Lightning also hit a barn on the Goddard farm near Homer. The report reaching here was that the barn burned down, but there was no confirmation of it because telephone communication with anyone in Walker township was cut off because of the trouble in the Arlington exchange.

Later this afternoon the story was confirmed that a barn had burned down on the Hilligoss farm where William Goddard is the tenant. Two horses were killed and a large quantity of hay was burned. Most of his farming implements were saved. There was some insurance on the barn and contents, but the loss was heavy.

Lightning struck the home of Ed Moore, corner of Willow and Seventh streets. It tore some shingles off the roof, but did not start a fire. The members of the Moore family were sitting on the front porch and were dazzled by the electrical flash. Rosaline, little daughter of Mr. and Mrs. Moore, was slightly shocked by the lightning, but soon recovered.

Reports from many parts of the county reveal that the storm was general. There was very little wind and the rain did not last long, although it was a downpour while it did fall.

The rain only served to delay farmers' work more than ever. There is much wheat in the shock and hay on the ground which is being damaged by the continued hot weather. Treshing is being held up generally.

Reports from Milroy today were that the storm did not interfere much with the chautauqua there. It did not keep many people away, it is said, because most of the patrons came for the afternoon program and remained in Milroy for the band concert in the evening.

## EVACUATION REPORTED.

El Paso, July 19.—A report that could not be confirmed from any other source was circulated today by local Villista officials to the effect that General Gonzales, Carranza leader, had evacuated Mexico City on the approach of an expeditionary column.

## BULLETIN.

Washington, July 19.—Secretary of State Lansing admitted this afternoon that the Carranza forces had evacuated Mexico City apparently to fight the Villa forces outside.

## TWENTY MACHINES TO GO

Delegation Expected to Make Trip to Milroy Tonight.

Twenty machines loaded with Rushville people will likely go to Milroy tonight for closing session of the chautauqua. The machines will assemble at the corner of Main and Second streets and the trip to Milroy will start at 6:30 o'clock.

The closing program of the chautauqua is said to be a good one. The prelude will be given by the Stratford Opera company, a company of four experienced opera singers. The address of the evening will be given by Fred Eastman, who is an authority on community life. His subject tonight will be "Waking up the Villages."

## WILL INTEREST POULTRY SHIPPERS

Special Car Operated by U. S. Department of Agriculture Will be Here August 17.

## ON THE PENNSYLVANIA LINES

A special car operated by the United States Department of Agriculture will be in Rushville on August 17 for the entire day. The car will be of especial interest to shippers of poultry and eggs. The car is being run over the Pennsylvania lines and will come here from Manilla.

The car is in charge of Dr. M. E. Pennington, chief of the food department of the chemistry bureau and the exhibit will deal with the shipping of eggs, butter and poultry. It is stated that the things to be explained at the car will be of interest to the farmers as well as the dealers in poultry. The car will be of interest to the farmers as well as the dealers in poultry. The car will be placed on the sidewalk near the Pennsylvania station here at 9:30 o'clock in the morning and will remain there until 4:30 o'clock in the afternoon.

## RECOVERING FROM MERCURY POISON

William Ray of Milroy and Doyle Emsweller of Near New Salem Take Tablets by Mistake.

## TAKEN TO EMSWELLER HOME

William Ray, 28 years old, of Milroy, and Doyle Emsweller, 18, son of Mr. and Mrs. William Emsweller, of near New Salem, who took bichloride of mercury tablets, by accident last Friday in Indianapolis, were taken to the home of Emsweller Sunday. Both are not yet out of danger.

According to their story, they went into a drug store to purchase some headache tablets and the clerk gave them the mercury tablets. William Ray is the son of Mrs. Lou Ray of Milroy and both were in Indianapolis to purchase some supplies for the Emsweller stone crusher. They were staying at the Plaza hotel and when they became ill were taken to the city hospital. While it is believed both will recover, they are not yet out of danger.

Mrs. O. P. Wamsley is ill at the Seaman's Hospital suffering from appendicitis.

## ORDUNA CASE TO DELAY NOTE

Officials Are Completely Upset in Their Calculations by The New Developments.

(By United Press) Washington, July 19.—President Wilson arrived in Washington at 9:55 a.m. today and went at once to the white house. Secretary Houston arrived with the president.

The German note almost certainly will be laid before the cabinet Tuesday.

President Wilson and Secretary Lansing were understood to have made quick work of it today. They were in conference at the white house about an hour. After the talk was over an atmosphere of finality prevailed which left little doubt but that the proposition has been whipped into shape.

Both are known to have their ideas very well formulated before they met. Evidently there was no material difference between them. Submission of the matter to the cabinet, it was thought would be more or less perfunctory. The members, it was stated, were all unqualifiedly behind the president.

"Will and Orduna ease figure in the note and if so to what extent?" was a frequently asked question.

The Orduna matter, said Secretary Lansing, is not officially before the government at all. From this statement it was thought the ease might be ignored.

There seemed to be no question but that the note would be a reiteration of the last one. It was not believed it would be stiffer in tone or that it would contain anything in the nature of an ultimatum.

It was believed, however, that there would be a paragraph stating that previous answers had avoided the main issue and that the United States would like a direct answer.

The night on the train was hot and the executive who lost considerable sleep did not rise until late. Secretary Lansing called at the white house at 11 a.m. to confer with the president on the German-American situation. He carried a valise in which were the papers relating to the matter.

The Orduna case, said the secretary, might delay the note a little, but not for long. A report by Germany on the Orduna incident will be asked by the United States government, it was predicted here today.

Officials were completely upset in their calculations on the next note by the latest development. The chances, were they said, that President Wilson and Secretary Lansing themselves did not yet know just how they would meet the new situation.

The upshot, they predicted, would be a hastening of the German notes dispatched. They did not think it so certain, however, that a draft would be made before the cabinet Tuesday because of the new developments.

## AGAINST CARRANZA.

(By United Press) Washington, July 19.—State department dispatches today told of an increasing anti-Carranza activity northeast of Mexico City. It was reported without confirmation that Pachuca was occupied by Villistas.

Mrs. Elizabeth Hiatt of Anderson is visiting at the home of Mr. and Mrs. L. B. Miller.

### ONE WEEK SPOT

Many Rushville People Have a Weak Part and Too Often It's the Back.

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist.

Dull aching keeps up, day and night.

Backache is often from weak kidneys.

In such cases a kidney medicine is needed.

Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills.

Good proof of merit in the following statement.

Hiram Whalen, R. R. No. 1, Circleville, Rushville township, says "Doan's Kidney Pills are a fine remedy and we always keep them in the house. I had pains in my back, that made it hard for me to straighten after stooping and my kidneys caused me a great deal of trouble. Doan's Kidney Pills stopped the pains and aches and regulated the kidney action.

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whalen had. Foster-Milburn Co., Props., Buffalo, N. Y.

#### Some Contradictions

Democratic leaders declared last winter that industrial depression was due to the war and not to the tariff, but within a few weeks found unquestionably that industrial activity was restored by the war. This is but an instance of how administration politicians find their own arguments are refuted by their own subsequent declarations. They must realize that their records show their economic policies to be entirely wrong.

Lately they have been attempting to take credit for the revival of business and ignored the fact of the European conflict upon the increased market for American goods; but they are confronted by the plain words of President Wilson, in his message to Congress last December when he urged the passage of the ship purchase bill for the express and only purpose of providing a means by which the products of American fields, mines and factories could be transported to the large and anxious markets of the warring nations of Europe.

The President said that those nations "eagerly look to us to supply their all but empty markets," and "here are markets which we must supply and we must find a means of

action? The President explained lengthier that the European war which closed the factories and absorbed the resources of European nations not only provided a market for us there, but also provided a market in South American countries which have heretofore made their purchases across the Atlantic. The whole argument upon which the ship purchase bill was based was the absolute necessity of providing means of meeting the demand for our goods created by the war in Europe.

Thus the President himself vouches for the good effect of the European war upon American trade. Fulfillment of his prediction in this respect, however, confounded him by proving that he was absolutely wrong in his argument in favor of the ship purchase bill; for his secretary of commerce is out with statistics to show that at the end of the present year the balance of trade in favor of the United States is a billion dollars and that America is the leading financial nation of the world; and this accomplished without the passage of the ship purchase bill which the Democratic administration urged with all its power as an absolute necessity in order that the United States might come into its own.

The Democratic record of inconsistency is a marvel. First, the European war had brought hard times by cutting off our trade. Second, the war had provided us a market and made government purchase of ships absolutely necessary. Third, industrial activity has been partially restored and enormous exports (without government-owned ships) have turned the balance of trade in our favor. Fourth, the Democratic party and not the European war is entitled to credit for partial revival of industrial enterprise.

#### GREAT ELECTRICAL EXHIBITION OPENS

Series of Eleven Conventions in  
Which All Branches of Work  
Will be Represented Begins

WILL CONTINUE UNTIL OCT. 23

(By United Press.)

San Francisco, July 19.—A series of eleven conventions in which almost every branch of electrical work in the world will be represented opened here today in connection with the Panama Exposition. The conventions continue until Oct. 23.

San Francisco was chosen as the convention city by the various organizations because of the great opportunity afforded by the Exposition for the study of electrical problems. Chicago lighted her exposition with little incandescent lights, which at the time were regarded as wonderful. The St. Louis Fair was an improvement electrically over Chicago, but the Panama Pacific Exposition has surpassed all electrical endeavors of the past. The wonderful indirect lighting system used here has brought forth the highest praise from experts throughout the country.

#### WHITE SLAVERY IS DISCUSSED

World's Purity Federation Convention Gets Under Way at San Francisco Monday

#### IT WILL CONTINUE ALL WEEK

Delegates From All Parts of America as Well as South America And Orient Will Attend

(By United Press.) San Francisco, July 19.—The white slave traffic, the red light districts and their allied evils, social hygiene and public vice were warmly discussed by delegates to the Ninth International Purity Congress at today's session, the first business day of the convention.

Yesterday marked the formal opening of the Purity Congress, and the day was observed all over the country by special services in churches, with appropriate sermons. In this city a great mass meeting was held at which Gov. Hiriam Johnson, Mayor James Rolph, Jr., of San Francisco, and the President of the Exposition, C. C. Moore delivered addresses of welcome. Sessions will be held daily all through the week, the farewell meeting of the Congress being July 24.

Thousands of delegates from South America and the Orient as well as from Europe will attend the sessions. Clergymen and social workers from all parts of the United States will take part in the elaborate program which has been completed.

The World's Purity Federation is constantly at work promoting safe and sane instruction in social hygiene and advocates a single standard of morals. The work of the organization is recognized as having been a most potent factor in bringing about the present worldwide agitation against the social evil. Its object, in brief, is to labor for the suppression of vice, the enforcement of law, a more thorough rescue and reform work, the better protection and rearing of the young and to improve the general social health of the community.

On Saturday, July 24, the Purity Congress will hold joint sessions with the International Congress on Marriage and Divorce.

Anthony Comstock, secretary of the New York Society for the Suppression of Vice, is one of the speakers. His topic is "Children of Our Nation, and the Foes to Moral Purity." William Sulzer, former governor of New York, will talk on "Purity in Government." Mrs. Kate Waller Barrett, president of the National Council of Women, will speak on the topic "The United States Government and the White Slave Traffic." A. Bruce Bielski will represent the Department of Justice and will make an address.

Tanks Outside Fire Limits Containing More Than 10 Gallons May be Above Ground.

The offices of the State Fire Marshal are being flooded with inquiries from over the state as a result of recent wholesale orders to retail dealers that gasoline storage tanks, containing more than ten gallons, must be placed under ground. Forty days notice has been given in a large number of cases and prosecutions are to be pressed if the order is not obeyed.

A large number of communications have been received from private owners of gasoline—many being out-of-town owners or automobile who buy gasoline in large quantities and store it in light metal tanks or ordinary oil barrels. John W. Minor, Jr., Deputy State Fire Marshal, states that thus far the efforts of the Department have been confined to seeing that the gasoline handled by retailers is safeguarded. The law is being enforced in this regard as it has been shown to be by far the major risk or fire hazard. The law applies in all cases, however, where gasoline in excess of ten gallons is stored within fire limits.

Inquirers are being informed that outside the fire limits of cities and towns it is permissible to store gasoline above ground provided tanks are constructed of metal of a prescribed thickness and equipped with a proper pump for removing the gasoline. A pamphlet containing the Rules and Regulations compiled by the Department for the safe handling and storage of gasoline is furnished free on request by the State Fire Marshal.

Give Sentinel Laxatives a try-out to-night. Phone your druggist to send up a box, 10 doses 10c. Or, if you prefer, write us for trial package. It's free. The Sentinel Remedies Co., Inc., 622 Union Central Bldg., Cincinnati, Ohio.

A general disposition has been shown by dealers to obey the orders issued by mail or in person by deputies from the Fire Marshal Department. A large number of dealers also have deemed the warning through the newspapers as being sufficient and are installing underground tanks.

## RAGGED GAME WON BY RUSHERS

Reiss Decidedly Wild Allowing Rushville to Take First Game of Series, 8 to 6.

### BRILLIANT ONLY IN SPOTS

Catches by Cordes and Hellmund Feature of Contest—Hewitt Steady in Pinches.

Pitcher Jack Reiss, Connersville's star moundsman, was decidedly wild yesterday—and thereby hangs the reason for Rushville's victory in the first game of the series. The score was 8 to 6 and outside of a few sensational catches by the outfield the game was very ragged.

Reiss was probably the real cause of the Rushville victory. He issued a total of nine bases on balls and then when his team mates faltered completely lost his head. Rushville won the game in the first inning and then tried to present it to Connersville in the second. Rushville counted four times in the first and Connersville came back in the second and took the lead by scoring five runs.

The game went along in this manner until the sixth when the Rushers again took advantage of Pitcher Reiss' wildness and scored four more runs. Reiss' at the close of the sixth inning was so disgusted that he threw the ball over the grand stand. It was a baby act for a ball player supposed to be the pitcher he is and the fans from that time on out simply rode him all over the lot.

Hewitt pitched nice ball for Rushville. True he was hit rather freely but they were scattered except in the second inning. Best of all Hewitt was steady and at critical times his teammates played in sensational form. Cordes and Hellmund pulled down three of the most sensational catches ever seen at Edgewater park. In the third Cordes ran back on one from Kuhlman's bat that looked to be good for three bases. He managed to pull the ball down while running back at full speed. The two catches by Hellmund were made after exceedingly hard runs. Either of these two balls could have been gotten by the second baseman, but Hellmund took both of them.

Outside of the fact that it was Connersville whom Rushville beat the fans were given little real baseball. All kinds of baseball was displayed by the Connersville team when Reiss took his two balloon flights and the crowd had a lot of fun urging the Rushers on to victory. The Connersville team however in the face of the odds never gave up and was fighting just as hard in the ninth as in the first.

Connersville started out in the very first inning to get a lead. Heisman was walked, but was forced at second by Keifel and Keifel was caught at first in a fast double play. Bartley grounded to Hewitt. Ten men-faced Reiss in the very first inning. Cordes was safe on Kuhlman's error. Reggy fouled out to Keifel. Rohe was given a base on balls. Cordes in the meantime had stolen second. Laucke was safe on Weikle's error and Cordes scored. Rohe going to third. Laucke stole second. Hellmund was walked, filling the bases. Then Reiss walked Brientenstein forcing in Rohe. With the bases still filled Brackman singled to right field and Laucke and Hellmund scored. Goodfellow was out to Kuhlman to Weikle. Hewitt walked and Cordes, who faced the pitcher for the second time in the inning grounded to Weikle.

It looked as though the Rushers

had the game won right there but not to be outdone by Connersville, Rushville presented them with five runs. Maxwell singled. Kuhlman singled and Maxwell was held on third. Fisher struck out. Merkle was safe on Reggy's error and Maxwell scored. Weikle was safe on Laucke's error and Kuhlman scored. Reiss was given a base on balls and was forced at second by Reggy. Brackman attempted to catch Heisman at first. It was a close play and Umpire England called him safe. In the meantime three runs had counted, which would not had the runner been called out.

Things went along fine then until the sixth. Three bases on balls and three errors gave the Rushers four runs and the game.

**NOTES.**  
The same teams play Sunday at Connersville and the Rushers are out to make it two straight from Remington's crew.

Jack England did a nice job of umpiring. Connersville naturally kicked some but his decisions on balls and strikes were almost perfect and the visitors had little kick coming.

Brackman the new second baseman showed up well and his hitting should help the team. Reggy was off yesterday due largely to illness. Joe was sick all day and really should not have been in the game.

Bill Brientenstein is back and was in left field yesterday. Reiss was afraid of him as he was given three bases on balls. Laucke was safe on Weikle's error and Cordes scored. Rohe going to third. Laucke stole second. Hellmund was walked, filling the bases. Then Reiss walked Brientenstein forcing in Rohe. With the bases still filled Brackman singled to right field and Laucke and Hellmund scored. Goodfellow was out to Kuhlman to Weikle. Hewitt walked and Cordes, who faced the pitcher for the second time in the inning grounded to Weikle.

## AUTO CRASHES INTO BICYCLE

Fred Caldwell's Machine Hits Gus

Dimatteo as he Turns at Corner of Main and Second.

### NO BLAME FOR MOTORISTS

In an accident that was unavoidable Saturday night at the intersection of Main and Second streets, a bicycle ridden by Gus Dimatteo was smashed when run over by the automobile owned by Fred Caldwell. Mr. Caldwell was turning east in Second street off of Main and was making the long regulation turn. The boy on the wheel was coming behind the auto and did not believe the machine was going to turn and attempted to pass. When in the center of the street, Mr. Caldwell turned and the bicycle was struck. Dimatteo jumped as soon as he saw that a collision was unavoidable and escaped injury. The bicycle was almost demolished. Mr. Caldwell was not held responsible for the accident by the boy.

### TO MAKE PERSONAL APPEAL

Lloyd George Will Try to Stop Welsh Miners Strike.

(By United Press.)

London, July 19.—Ministers of munitions Lloyd George will leave Tuesday for Cardiff to make a personal appeal to the Welsh coal miners, his fellow countrymen, to return to work and prevent slackening in the production of war munitions.

This announcement was made this afternoon following a special session of the cabinet at which the most serious industrial crisis of the war was discussed. Lloyd George is popular with the workingmen.

### LEO M. FRANK IS WORSE

Wound Inflicted by Fellow Prisoner is Infected

(By United Press.)

Milledgeville, Ga., July 19.—Leo M. Frank was worse today. His temperature rose this afternoon from 99.5 to 102.4. The wound in his neck was swelling indicating infection. He was in great pain.

Physicians still held out hope, however, that he would recover from the attack of William Green, a fellow convict.

Frank hovered between life and death today. During Sunday night he was but half conscious and raved fitfully of the attack made on him. Today, however, his head was clear. His wife was at his bedside. His temperature dropped to 101.2 this afternoon. The doctor's admitted that blood poisoning was what they feared.

Law School. He spent twelve years in the diplomatic service, in subordinate positions at Berlin and Rome and was promoted successively as minister to Panama, Venezuela and Guatemala, from which latter place he was dismissed at the age of 37, in order that political reward might be given to a 63-year-old South Carolina preacher, who, when he was leaving for the Central American Republic, admitted that he had had no official training as a diplomat but said he "had been a minister 40 years."

These few instances, which might be multiplied not only in the diplomatic service but in the government service at home, illustrate the manner in which efficiency has been sacrificed making necessary a repetition of the years of constructive effort by Republican administrations in order to place the public service on the high plane it occupied to March 4, 1913.

### REAL ESTATE MORTGAGE LOANS

The Peoples Loan & Trust Company  
Mortgage Loan Department  
Rushville, Indiana

We have excellent facilities for making FARM LOANS; our interest rates are the lowest; our terms are reasonable. If you are intending to renew your mortgage, or if you are thinking of making a new one, we will be glad to have you call and talk it over with us.

### SOMETHING GOOD FOR YOUR APPETITE !

Why waste your money and punish your stomach at the same time? Every time you buy anything but the best grade of groceries and provisions you do both—and it impairs your digestive organs and shortens your life. These are cold facts. If you want good digestion, better health, a longer life, come to us and feast on our table necessities. They are pure, they contain greater nourishment, they are more appetizing, and are better in every way than any of the bargain price brands. A good healthy appetite insures better health and the ability and desire for remunerative work—and our groceries and provisions produce the appetite.

You will find the products of all the packers of high grade food products on our shelves such as Fernell, Heinz, VanCamp, Campbell, Lippencott, National Biscuit Co., Welch, Foulds, Quaker Oats Co., Libbys, Sniders, Beechnut, Miller & Hart, Swift, and many others.
